Nomena Andrianiana

Software Engineer — Full Stack JavaScript & Java

Email: nomenaf.pro@gmail.com | Phone: +261 34 43 831 15 | Antananarivo, Madagascar
Portfolio: andrianiainafn.vercel.app | GitHub: github.com/andrianiainafn | LinkedIn: linkedin.com/in/nomena-andrianiaina-09b3a8267

PROFESSIONAL SUMMARY

Software Engineer with over two years of experience building web and mobile applications in production. Specialized in JavaScript/TypeScript (React, Next.js, Node.js) and Java / Spring Boot, designing high-performing backend architectures, REST APIs, and relational database integrations. Committed to Clean Architecture, code quality, and deployment automation. Graduated top of class in Computer Science.

PROFESSIONAL EXPERIENCE

Full Stack JavaScript Developer — Alfa OI

MAY 2026 – PRESENT

- Built full-stack application modules in JavaScript/TypeScript, from design to production deployment.
- Designed documented REST APIs shared across multiple internal applications.
- Automated containerized deployments, cutting release time down to minutes.

Next.js, TypeScript, Node.js, PostgreSQL, Docker, CI/CD

Full Stack Developer — Webradio.ai (France, remote)

FEBRUARY 2025 – FEBRUARY 2026

- Built web applications for the web-radio industry on a modular hexagonal architecture.
- Built and optimized REST APIs for third-party integrations, ensuring scalability and reliability.
- Implemented reusable components and unit tests to reduce regressions.
- Collaborated with technical teams on performance and user experience.

Next.js, TypeScript, Prisma, MySQL, API REST

Full Stack Java / React Developer — Freelance

NOVEMBER 2024 – JANUARY 2025

- Built a web and mobile application connected via iBeacon: user management, appointment booking, and information lookup.
- Implemented geolocation and real-time communication with Ably.
- Delivered real-time sync between web and mobile platforms via centralized backend services.
- Managed the full development cycle, from design to production deployment.

Technologies: Java, Spring Boot, React Native, Next.js, TypeScript, Ably, PostgreSQL

Java / Mobile Developer Intern — Orange Madagascar

JULY 2024 – NOVEMBER 2024

- Built a tourism application for virtually exploring Madagascar's sites, hotels, and parks.
- Designed an intuitive interface featuring 360° image display.
- Integrated geographic databases (PostGIS) and multimedia content.

Technologies: Java, Spring Boot, React Native, PostgreSQL, PostGIS

Flutter Developer (Volunteer) — ENI

MAY 2024 – JULY 2024

- Built a budgeting and financial literacy application for students.
- Implemented budget tracking and notifications with accessible interfaces.

Technologies: Flutter, Dart, Firebase, SQLite

Java Spring Boot Developer Intern — Ministry of Economy and Planning

AUGUST 2023 – NOVEMBER 2023

- Built a collaboration application for task management and internal communication.
- Implemented microservices with inter-service communication via Feign.
- Designed robust REST APIs for data exchange between modules.

Technologies: Java, Spring Boot, Feign, PostgreSQL, Microservices

PROJECTS

GMI — IT Equipment Management

- Equipment tracking and management application for companies and organizations.
- Real-time tracking, staff assignment, requests, and equipment maintenance.
- Role and permission management for a secure workflow.

Next.js, Spring Boot, PostgreSQL, NextAuth

TECHNICAL SKILLS

Backend

Java, Spring Boot, Spring Security, Spring Batch, Hibernate (JPA), Microservices, Node.js, Express.js, NestJS, API REST, GraphQL, WebSocket

Frontend

JavaScript (ES6+), TypeScript, React.js, Next.js, Redux, React Query, Zod, NextAuth, Tailwind CSS, HTML5, CSS3, Sass

Mobile

React Native, Flutter, Dart, Clean Architecture

Databases

PostgreSQL, MySQL, MongoDB, Firebase, Supabase, Redis, Prisma ORM, Mongoose

DevOps and Tools

Git, GitHub, GitHub Actions, Docker, Docker Compose, CI/CD, Nginx, Linux, Maven, Gradle, Trello, Postman

EDUCATION

Master's Degree in Computer Science — National Institute of Computer Science, University of Fianarantsoa, 2026
Bachelor's Degree in Computer Science, Top of Class — National Institute of Computer Science, University of Fianarantsoa, 2024

CERTIFICATIONS

English Certificate B2 — English Language Institute, 2025
Data Science — Idea Academy, 2025

LANGUAGES

French — Fluent | English — Professional working proficiency | Malagasy — Native
